TECHNICAL SKILLS

Technologies

- TypeScript, Node.js, Express.js, Nest JS, React JS, Next.js (V14), Redux Toolkit, React Query
- Spring Boot, Java 8, Hibernate
- Cypress, Prisma
- SQL, NoSQL
- LLM, OPEN AI, GPT Model

Tools

- Visual Studio Code, Eclipse, Code::Blocks, IntelliJ IDEA
- Unity, Maya
- Git, Docker

Data base

- MySQL, MongoDB, Oracle, Firebase

HOBBIES

- 📖 Programming
- 🧶 Macrame art
- 🍳 Cuisine

LANGUAGES

- Arab ● ● ● ● ●
- Franchise ● ● ● ● ●
- English ● ● ● ● ●

CERTIFICATE AND DISTINCTIONS

- Participation in the Coding Land 2020 Hackathon
- Participation in the 2023 CSR Hackathon
- Participation in NLP Mindset 2023 training
- Aptis certificate: C1 level

ACADEMIC BACKGROUND

- **Software engineering** 2021- Present
[Higher Institute of Arts and Multimedia Manouba](#)
- **Bachelor's degree in computer science and multimedia** 2018-2021
[Higher Institute of Arts and Multimedia Manouba](#)
- **Bachelor of Mathematics** 2018
[High School 36](#)

PROFESSIONAL EXPERIENCES

- **Web Developer** [CodeCooperation](#) 2023 | 5 months
Developed a comprehensive web application to streamline and automate the recruitment process. Leveraged advanced artificial intelligence for intelligent job description generation, candidate matching, and detailed applicant analytics. Implemented a fully responsive design, ensuring optimal user experience on both web and mobile devices.
Technologies : TypeScript/Nest.js/Next.js/Prisma/Open Ai/MySQL/LLM(GPT-3.5)/Git/Docker
- **MERN Stack Developer** [SQLI Services](#) 2023 | 2 months
Development and design of a web platform allowing users to make an appointment in a luxury space that accepts reservations.
Technologies : Express.js/Node.js/React JS/Redux Toolkit /React Query /Mongo DB /Git/ Docker
- **Mobile Developer** [Saheelha E-Sante](#) 2022 | 2 months
Development of a mobile application that allows Sahellha teams to convert websites into optimized mobile versions.
Technologies : Flutter / Git
- **Web developer** [CODWAY](#) 2021 | 4 months
Development and design of a web application for managing care bulletins via Workflow notification to facilitate the process of managing medical information between three stakeholders (Maghreb Insurance / Doctor / Admin).
Technologies : Spring Boot / React JS / MySql / Git

ASSOCIATIVE EXPERIENCE

- **Member** 2019-2021
[ISAMM Manouba Robotics Club](#)

ACADEMIC AND FREELANCE PROJECTS

- **Commercial tracking web platform** 2023 | 2 months
[Freelance \(DS Store \)](#)
Technologies : Express JS /Node JS/ React JS / Redux Toolkit / Mongo DB /Git
- **Web platform for managing works of art** 2023 | 3 months
[Project PFA \(Hasdrubal Thalassa Hotel & Spa Association Yasmine Hammamet \)](#)
Technologies : Express JS /Node JS/ React JS / Redux Toolkit / Mongo DB /Git
- **Web platform for project and task monitoring** 2023 | 2 months
[Freelance](#)
Technologies : Express JS /Node JS / React JS / Mongo DB /Git
